ALBANY GRADUATES ENJOY 'CLASS DAY'

Fifty Seniors Appear In Program at Local School Affair

BIG CROWD HEARS MANY PROPHECIES

Auditorium Is Crowded With Spectators To Hear Program

The Albany high school graduates of this year, even fifty in number, held their class day exercises in the present high school auditorium last night, the interesting and highly entertaining program beginning promptly at 8 o'clock.

Last night was the last time—if present plans for Albany schools succeed—that a graduating class will use the present auditorium as next year the handsome new auditorium of the new high school building will be commissioned.

The class color—"white and green"—predominated, and the auditorium was decorated in beautiful taste, partly the work of Miss Elizabeth Carpenter who assisted the class in making ready for the annual event.

At the opening of the "roll call" was made of the fifty graduates, by Miss Mary Lou DeFord, and each member was called by his favorite nick name, and responded in kind.

As the valediction speaker, Miss Frances Cook, made many appropriate references to the school life of the past, and the life duties of the future. As president of the class, Otha Wilson delivered a warm welcome address to the large crowd gathered in the building and the response was by Robert Nebrigg of the present Junior class of the high school.

Music was a main feature of the evening's entertainment and two companies of musicians took part, the regular Orchestra, composed of Miss Phyllis Perkins and Miss Louise Neil, violinists; Miss Earline Johnson, pianist; Otha Wilson, drums; Bryan McAfee, base horn; Miss Jessie Mae Miller, ukulele; Miss Hortense Mahoney, trombones; and Pauline Dunnivant, pianist. The other company was called the "Hen Roost" company or the "chocolate" quartette. The singers furnished no end of merriment, and their faces and customs were "perfect."

The quartette was composed of Janie Miller, Ruth Chunn, Peggie Davis and Earnestine Kinsolving.

The music from both the quartette and the orchestra came at frequent intervals throughout the evening.

Following the welcome and response addresses, the class will be read by Dorothy Freidkin. The class history was Evelyn Davidson. The Class poem—one of her own composition, was read by Miss Laura Martin.

The class prophecy was acted out in part and represented what the class will do five years hence. First, a park scene was presented, and Miss Pauline Dunnivant was seen to take a seat in the park for a rest spell, after her arduous duties in a "bautey parlor" of which she was the manager. Miss Phyllis Perkins joined her there, wearing widow's weeds, and having just returned to Albany from New York, proceeds to tell her many friends some of the gossiping things about her old class mates. Martin Briscoe is a solon in Washington, happily married to a society belle of the national capitol. Spurgeon Seer is said to have become a famous physician, and in charge of a local infirmary.

Bryan McAfee has become minister to Bolshevik Russia is said to be accompanied by his wife, the present Miss Margaret Simerell.

Myrtle Graves is playing "Portia" in the Metropolitan Opera House in New York, while pretty Miss Telette Buchanan is found to be doing "penance," for the many "bais" she has broken with her smile. Mary Jarvis, had become a famous crook.

And so it went on to the end, each class member made prominent in his or her life calling.

Give up all for the high school
Robert Warren, the class preacher, appeared and gave solemn warning as to the many pit falls of life, and some splendid advice, which he said

American Economics League Plans To Continue Efforts To Nominate Ford

Organization Is Going Thru With Plan, Harrop Says

(Associated Press.)

OMAHA, Neb., May 30.—The American Economic League, organized in Nebraska to sponsor a third party movement, is going through with its plan to boost Henry Ford for the presidency, according to a statement by Roy M. Harrop, of Omaha, the League's president in commenting today on press reports from Detroit that the Dearborn Ford-for-President Club is ready to "go it alone," if the league does not take the lead in Mr. Ford's behalf.

Mr. Harrop said the League already was active in 17 states in efforts to get Mr. Ford's name before the voters and that the organization would be extended until all states were included.

MOVE UNDERWAY TO PROTECT GAME

A movement is under way to protect the game of this section by enlisting the aid of sportsmen in shooting game destroying animals and birds before they have an opportunity to cause destruction during the nesting and mating season. Plans are being made to have every sportsman interested in the game protection, spend some time ridding woods, field and march of predatory hawks, owls and crows, weasels and others who annually kill ten times as much game as all gunners combined. It has been stated that the red squirrel alone will alone kill 200 birds a season, while the great horned owl destroys annually coveys after coveys of quail. Special efforts are being made to enlist the aid of game lovers against the crow who is described as destroying individually more birds of all kinds, more bird's eggs and young poultry than any other bird that ever flapped a wing.

All game destroying animals and birds are classed by sportsmen and game lovers as vermin, and it is expected that vermin hunting clubs can be organized here and that members of established gun clubs will join in the movement by going into the woods and shooting as many game destroyers as they can find.

Prisoners Sent To The Pen Today

The following prisoners left today for the state penitentiary, to serve sentences in connection with violations of the prohibition laws: J. G. Gillie, sent up for from 2 to 3 years; Claud Wallace for from 2 to 3 years; one other prisoner whose name was unknown to the authorities here from Jackson county, sent up for one year and one day.

The prisoners left in the care of "Road Rider," Hubbard.

M. Hubbard is one of the three men of the state whose duty it is to transfer prisoners from one jail to another or from the jails to the penitentiary.

was better taken early than late. An interesting feature of the program was the self sacrifices made by all for the good of the Albany high school. A waste basket was furnished and the class members deposited many things, they said they were glad and willing to give up.

One girl gave up Orman Frazier; another girl gave up her "Belle Buckle" letters; the married member of the class gave up her diamond engagement ring; still another gave up a Mr. Bell, a well known beau; Miss De Ford gave up "eating in school"; Miss Perkins gave up her bath suit; another girl gave up her "bottle of tears"; another her supply of "anti-fai"; still another, gave up her "lip-stick."

SAFETY PRIZES WON BY ALABAMA PUPILS

Washington, May 30.—(Special)—Thirteen elementary school pupils won checks and medals in the last national safety campaign, it was announced by the Highway Education Board. These tokens, rewards of merit, have been sent State Superintendent Abercrombie for presentation.

First state honors in the essay contest were won by William C. Hamilton, a pupil in South Highland school, Birmingham, his prize a gold medal and check for fifteen dollars. Mary Dudson, Georgiana public schools, won second honors, a silver medal and check for ten dollars.

Eleven other pupils received third prizes, bronze medals and checks for five dollars. They are: Marie Louise Black, St. Vincent's school, Mobile; Margaret Mayben, Striplin school, Gadsden; Elizabeth McCleary, Avondale school, Birmingham; Marie Jones, Selma public schools; Mary Quinn, Tuscaloosa public schools; Nelder Coleman, Opelika public schools; Winfred Carney, Brandon school, Florence; Doris Davis, North Birmingham school, Birmingham; Elizabeth Smith, Gilson school, Birmingham; Harvey C. Dooling, Jr., Ozark public schools, and Leithier Wates, Guin public schools.

In a competition among elementary school teachers the best safety lesson intended to teach children correct behavior on the highways was submitted by Miss Sarah Raney, Lafayette public school, to whom the same honor fell last year.

Morgan Solons Favor Putting Statue Of General Wheeler In the Hall of Fame

It became known here today that the three representatives from Morgan County in the state general assembly, Messrs Hutson, Patterson and Foreman, are heartily in favor of the state law making bodies taking steps to secure the placing of a statue of General Joseph ("Fighting Joe") Wheeler, in the rotunda of the capitol at Washington.

For some time Morgan's representatives have been active in the movement to secure such a recognition of the greatness of Wheeler. The people of this section have been looked to in the past and will be looked to for the future to assume the leadership of the movement to place General Wheeler among this nation's immortals.

While General Wheeler was not born in this section, but in the state of Georgia, he did live here, and he

AMERICAN MAJOR FOR INTERVENTION

Pinger Desires Action To Stop Banditry In Chinese Area

80 CAPTIVES ARE REPORTED KILLED

Major "Goats" In Situation Says Army Officer

(Associated Press.)

TIENCSIN, China, May 30.—Armed intervention by the foreign powers to put down banditry in China is favored by Major Roland W. Pinger, U. S. A., one of the 14 foreigners held by outlaws on Poetsuiki mountain. He expressed his opinion in a letter to the Associated Press received here today.

"We captives," wrote Major Pinger, "have learned the personality of the bandits by now and so we no longer dream about the terrors of the first and second nights. I am wondering what preparations are being made in the Philippines and Hawaii in the event of military force ultimately becoming necessary. How about public opinion in America? And what is the Japanese attitude?"

"The whole affair is a beautiful mess in which we—little he goats with whiskers and all—are the most comfortable, considering the circumstances. The cots which were set up are downy beds of ease compared to temple doors."

SHANGHAI, May 30.—Shortage of food in the bandits' stronghold at Paotzuku before the kidnapping of a number of foreigners from the Shanghai-Peking express May 6, caused the brigands to throw 80 Chinese prisoners to death from one of the mountain cliffs, according to information yesterday received from Father William Leners, aged German priest, who has made several trips to the outlaws' headquarters.

The information from Father Leners, which came in a letter from the prelate at Linching declaring that the prisoners' feet were bound and each was labeled with his name and identification before being hurled to death.

One of the prisoners, a woman, was thrown over with her child in her arms.

Chenault Honored With a High Office

The many friends of Dr. F. L. Chenault are congratulating him on his recent election as Vice President of Association of Physicians and Surgeons of the Alabama Power Company. Dr. Chenault received the honor Monday at the annual gathering of the men who have been designated by the Power Company to look after its employees whenever they may require medical attention.

It was stated by Dr. J. L. Gunter, another member of the same association, that next year's meeting of the organization will be held at Lock No. 12 in June of 1924.

PAL OF DAUGHERTY TAKES HIS OWN LIFE

Scene of Friend's Death Is Attorney General's Hotel Home

PISTOL SHOT IS FATAL TO SMITH

News of Act Is Phoned To Daugherty at the White House

(Associated Press.)

Washington, May 30.—Jesse W. Smith, for years a close and personal friend and political aide of Attorney General Daugherty, committed suicide early today in the hotel apartment where he and the Attorney General had lived together since the beginning of the Harding administration.

No clue to the cause of the act was found, but among Mr. Smith's papers was a will, written two days ago, on hotel stationery, leaving to relatives the proceeds of a small estate he had accumulated as proprietor of a department store in Washington Courthouse, Ohio.

He ended his life with a revolver while alone in his bedroom, and after a short investigation the coroner issued a certificate of suicide.

News of the suicide was telephoned quickly to the white house, where the Attorney General was an overnight guest, but was withheld temporarily from the Attorney General himself, on the advice of his physicians. Mr. Daugherty has been ill and it was said there was fear that the shock might cause a relapse.

Beside being a constant companion and visitor of Mr. Daugherty, Mr. Smith was a close friend of both the President and Mrs. Harding.

During the illness of the Attorney General, Mr. Smith was almost continually at his bedside. In March they went to Florida, together on President Harding's special train and spent several weeks at Miami, St. Augustine and Asheville, N. C. Friends said they had seen no signs of despondency and had heard no hints that he intended to take his life.

A single .38 caliber revolver shot, which entered the right temple, was the cause of the death. The report was heard by Warren F. Martin, special assistant to the Attorney General, who was asleep in an adjoining room, but when he arrived it was too late to render aid.

The will left by Mr. Smith named as his beneficiaries, Eddy St. John, a nephew, and several others.

It is believed his estate is confined almost entirely to the proceeds of the recent sale of his department store in Washington Courthouse. He had been married and divorced years ago in Ohio.

MY VACATION WHERE, WHEN, AND HOW

"I am planning to spend six weeks of my vacation" said Prof. W. W. Benson this morning, "at the Woman's College at Montevallo, where I am engaged to teach. I suspect that by that time I get through teaching, it will be time for me to be back in Decatur looking after plans for the new class rooms of the new high school building, so after all, I may not get a vacation."

"My vacation will be our trip to the shriner's convention in Washington," stated T. A. Bowles this morning. "Some where around a dozen from Albany and Decatur are planning to take the same trip. We expect to go first to Birmingham and then transfer to a special Seaboard Air Line train which will take us direct to our destination. A good many wide trips will be taken from Washington, before our party returns, but the details for them have not yet been worked out."

Proceeds Of Bond Sale Reach Here

It was announced at the city hall today, that on Friday night of this week steps would be taken to begin to use the proceeds of the recent street improvement bond issue of \$125,000.

F. A. Bloodworth, the city treasurer, stated this morning that he had received the proceeds from the bond sale, and added that according to custom, he supposed the council would direct that the large fund be deposited in the two Albany banks.

Shopmen Enjoy Holiday Wednesday

On account of Decoration Day the postoffice and the Louisville and Nashville shops are closed today. The post offices remained open until 8 this morning. Only running repairs are being done at the shops. The beautiful weather has been taken advantage of by hundreds of people to take an outing on the streets and on the neighboring highways.

WITNESS TESTIFIES DEFENDANT WAS IN PARTY AT THEATER

Ketona Merchant Says Employee of Dairy Attended Show

DEFENSE HAS ITS "DAY IN COURT"

He Doesn't Remember Character of Play Party Witnessed

(Associated Press.)

BIRMINGHAM, Ala., May 30.—Ernest G. Jacks, on trial on a charge of participating in the flogging of Dr. J. G. Dowling, health officer, on May 17, last year, was a member of a theater party at the hour the state charges the whipping took place, according to testimony of A. H. Walker, merchant of Ketona.

Walker testified that Jacks was with him and others from early evening until near midnight on the evening the flogging took place.

On cross examination the witness admitted he didn't remember whether he witnessed a vaudeville show or a theater party at the time he said he attended.

"Do you remember whether there was a blackface comedian there?" Asked Solicitor McCoy.

"I don't know," the witness replied. "Do you remember a single thing there?"

"You don't remember a single thing that took place on the stage but you do remember distinctly going there?" "Yes sir."

After the vaudeville acts were over what happened?

"I couldn't tell you."

"Don't you know whether they had a fire?"

"I don't know."

R. M. Garvick testified that he was a member of the theater party, among whom was the defendant.

Cross examined the witness was asked:

"What was the first thing on the program?"

"I don't remember."

Questioned further concerning the events of the evening the witness testified he did not remember the nature of any of the acts on the program.

Attempts of the defense to establish an alibi were fought at every point by state's council who pressed the witnesses with a running fire of searching questions.

PHILLIPS WOMAN LEAVES FOR PEN

(Associated Press.)

New Orleans, May 30.—Clara Phillips started the last lap of her journey from Honduras to California at noon today from here, aboard the Southern Pacific Sunset limited, bound for San Quintin penitentiary to serve a sentence of ten years to life for the murder at Los Angeles last year of Mrs. Alberta Meadows.

During the last hour it was believed in some quarters that the girl might launch a "last" against extradition when informed that her appeal for a new trial had been denied late yesterday, but she was calm when told of it shortly before she left the parish prison for the railroad station.

She said it made little difference for she would have her case taken to the supreme court.

News of the loss of the appeal was received here last night, but under Sheriff Eugene Biscailuz, in charge of the prisoner, did not tell her of it.

The entrance to the prison was surrounded by curious crowds when the woman and her guard stepped into an automobile for the drive to the railroad station and throngs were on hand when she stepped aboard the train.

At a mass meeting held in Birmingham on the evening of May 21, 1923 prominent citizens declared that Alabama's correct, sane and humane treatment of prisoners was a disgrace to the nation and wrought inhuman cruelty to prisoners.

MEMORIAL DAY'S PURPOSE.

The purpose of Memorial Day as set apart by wise legislators is to give pause long enough from the busy activities of life for the people of this nation to consider their duties in connection with the sacrifices of the dead who passed away in defense of their country and its institutions.

It is right and proper that the graves of those who fell in battle be decorated and that we stop to think in kindness and in love of those who are gone.

It should be remembered of them who died, however, that they died that we might live more peacefully, more patriotically and more unselfishly.

On Memorial Day a new consecration should be made by every person in our whole broad land to support and defend our civilization and our free institutions with a sterner zeal and with a more vigilant determination.

There be those who would make a mockery of democracy as it is understood in America. There be those even in our own borders who evidently

would like to see this country sink to the level of some of the failure countries of the old world. Such should be resisted—not with too much harshness, but with an unmistakable firmness.

In a word on Memorial Day the citizens of America should re-consecrate themselves to the service of their country and to humanity everywhere.

TURNING A DANGEROUS SITUATION INTO ONE OF PROFIT AND PLEASURE.

There are at least two big projects before the people of the Twin Cities and Morgan County, over and beyond the many valuable things already in progress or already accomplished—the putting on of the already arranged for County Fair this fall—and the proper handling of the disease preventive problems.

In this immediate vicinity one of the big tasks and big opportunities before the people is the job of straightening and ditching out of "Dry Creek," from its source in the woods back of the Louisville and Nashville shops to where the stream empties into the Tennessee river.

If Dry Creek can be properly drained until no standing water remains along its course to furnish a breeding place for the deadly malaria mosquito—when all the filth and rubbish is removed from and around the stream—the neighborhood will be free of a great health menace.

After the creek is properly treated and cleaned up, the territory through which it runs could be developed into parks and pleasure grounds.

On either side of the stream for quite a distance there are strips of land that are of little value for residence property or for agricultural purposes that would make ideal park property. It might be possible to make a pleasure road way along the new course of the creek that would prove a thing of usefulness and open the way for places of beauty along Dry Creek to take the places of ugliness now found along its way from its source to where it becomes a part of the Tennessee river.

The Railroads get nothing for the Baggage Cars they haul

When you are packing your trunk for a business or pleasure trip, remember that the railroads of America undertake to haul your baggage, to the amount of 150 pounds, without any charge whatever; that in order to do this for you, they must provide space in which to transport this baggage and the employees to handle and care for it.

On some of the smaller railroads, revenue is earned thru a doubling up of the baggage with the mail and express shipments, but on practically every thru trunk line in the United States, one or more baggage cars are necessary to handle this freight. Remember, in your consideration and discussion of railroad problems, that it is costing the railroads of America enormous sums each year to render this service and that these expenditures represent a direct drain on railroad revenues absorbed by the carriers for your convenience.

Superlative Ill-Breeding.
There is an ill-breeding to which, whatever our rank and nature, we are almost equally sensitive—the ill-breeding that comes from want of consideration of others.—Bulwer-Lytton.

Irrigation on Large Scale.
Irrigation in South America sometimes demands storing of sufficient water to supply the people and crops for a period of thirty months.

GETS PLEASANT SURPRISE
"About six months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones—all agreed an operation necessary, but on account of his age I was afraid to risk it. I told a friend about it who said his wife had been through the same trouble and had been cured by taking Mayr's Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more ham and cabbage than any 3 men." It removes the catarrhal mucus from the intestinal tract, and alleys the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded by Druggists everywhere. adv.

Once You've Put

Polarine

MOTOR OIL

In Your Motor

and given it a test, you will not be satisfied with any other motor oil. Polarine is made in one of the world's greatest refineries, from the heart of specially-selected "crudes"—distilled, refined and filtered to just the proper grade of oiliness.

It is transported from the refineries to your dealer's tanks and dispensed by him with such care that you may be assured of its purity, regardless of whether you buy it in bulk or in packages.

Ask your dealer to consult the chart of recommendations and tell you just what grade of Polarine to use. After you have done this, the simple recipe for motor satisfaction is to watch your quantity and have your crank case drained every six or seven hundred miles and refilled with Polarine; then stick to the grade the chart has recommended.

CROWN Gasoline

is made and dispensed with the same care as Polarine. There is just as much difference in the quality of gasolines as there is in the quality of motor oils. Better stick to the standard and use Crown Gasoline.
